

Watonga High School is accepting applications for an Intermediate Math teacher. Subject areas are Algebra I and Geometry. We have just moved into a brand new high school this year, and Watonga is a one-to-one technology district – each student has a Chromebook. All of our classrooms have a state-of-the-art Smart interactive panel. Interested applicants should e-mail a cover letter, resume, and a copy of current Oklahoma teaching certificate to Principal David Lorenz at dlorenz@watonga.k12.ok.us, or call him at 580-623-4058. EOE.
